Dear Nicholas Colet (Dromio)

I think the play was very good and your characters were my favourite because they were funny, interesting and cheeky. The play was exceptionally good and please congratulate all the actors for a very well done play. I have been interested in Shakespeare for a while now it was our literature teacher that got us into it his name is Philip Lombard and he is very interested in himself. After seeing one of Shakespeare's plays it has made me a lot more interested and if you are performing again please contact our school.

Yours sincerely

I draw this picture of "Be my Baby" because I enjoyed the song. One of my favorite characters was the belly dancer girl because I liked how she always wanted things. I also liked Dromio and his amusing jokes.

This is a picture of the market place  
in A Comedy of Errors. It is a very busy  
place a lady is selling a carpet and  
man is doing a trick.
